To Whom it may concern,

This is to acknowledge that I have been informed of the admission of Jane Doe to the Business Development Fellows Program. Ms. Doe is a graduate student in my laboratory and she is a Ph.D. candidate in good standing. She is making very good progress on her thesis work. She has strong interests in the business aspects of applying biotechnology to agricultural systems.

For this reason, I strongly support her full participation in this program and priority of the required program events.

Sincerely,
